
God Must Be Crazy Free Download 720p

The gods must be crazy: director Jamie Wys. With Marius Weyers, Sandra Prinsloo, N!ksau, Low Werwee. A comic allegory about a wandering bushman who... is not quite human. Actually, his name is Joe. He is an exile who roams South Africa, and he is a Bushman. In fact, he is a human, but since he does not know that he is not a human in his own world, his name is Joe. Joe is the strangest person I have ever seen. I would say that he is absolutely perfect for his kind: a madman who is not his own character, he has memory problems, he is a man without a shadow, without a doubt, without fear.
